# President Wilson Addresses U. S. Chamber of Commerce

Washington, Feb. 10.—President Wilson told the Chamber of Commerce of the United States tonight that America needed a real scientific tariff board, and he thought it was going to get it; that it was absolutely necessary some beginning should be made at once to get that, too; and that had it not been for the effective ness of the federal reserve law as a business of the remembers of the present war. Of the prospect for keeping the country at peace, he said that while no immediate international crisis faced the nation, "we are merely helding trouble at arms' length."

out through "common counsel."
The president and Secretary Garrison have been close personal friends since the administration came into office and have stood together on practi-

cally every question.

Secretary Garrison has been a leading figure in President Wilson's official family ever since the administration began. To his urging has been ascribed in part Mr. Wilson's determination nation to carry to the country his plea for adequate national defense.

Mr. Garrison began a close study of the military situation nearly two years ago. For months it has been a com-mon sight at the war department when he has been in the city to see the lights in his office blazing far into the right. Surrounded by his bureau chiefs and officers on staff duty, the secretary went into every aspect of the case with all the concentration he developed as a lawyer and a member of the New Jersey judiciary.

### Studied Out Plan.

Out of that study came the plan for the continental army and the co-re-lated increases in the regular army and proposals for coast defenses and a huge reserve of war material which constitutes the administration preparedness plans so far as the army is concerned. Behind that plan the president Wilson's cabinet to resign.

President Wilson replied:

"In reply to your letter of today, let me say:

"First, that it is my own judgment that the action embodied in the Clarke amendment to the bill extending further self government to the Philippines is unwise at this time, but it would clearly be most inadvisable for me to take the position that I must dissent from that action should both houses of congress concur in a bill embodying that amendment. That is a matter upon which I must of course withhold judgment until the joint action of the two houses reaches me in definite form.

"Second, as I have had occasion to say to you, I am not yet convinced that the measure of preparation for national defense which we deem necessary can be obtained through the instrumentality of the national guard under federal control and training, but I feel in duty bound to keep my mind open to conviction on that side, and the Proposition to treat as under that it would be most unwise and most unfair to the committee of the house which has such a plain in mind to say that it cannot be done. ### DEMANDS PROBE OF "SUFFRAGE LOBBY"

James F. Byrnes.

Congressman James F. Byrnes of South Carolina has aroused the interest of congress and the ire of suffragists by demanding that a congressional investigation be made of the "suffrage lobby" he says is at work in behalf of the Susan B. Anthony amendment. Mr. Byrnes would like to know what is being done with \$40,000 recently raised by the women. Furthermore he complains to congress that the visits of the women to the capitol to ask support for the amendment have made the corridors of the capitol appear "like the shopping district during a millinery opening."

# **AD CLUB BELIEVES** SOLVE DIFFICULTY

"How to Conduct a Retail Store," was the subject of an address delivered yesterday noon by E. A. Miller at the BACHELOR MAIDS' GAME regular weekly luncheon of the Waco Ad Club held at the State House hotel. Injecting personality into the business and a more individual aspect of adver- elor Maids until Saturday afternoon tising were emphasized by Mr. Miller as important factors in the successful management of a retail store.

The address was more from a specialty shop standpoint than from that of

cialty shop standpoint than from that of a big department store. However, in the discussion which followed it was brought out that the management of a department store also found personality very valuable in his business.

It was announced that committee work on the proposed state law pertaining to honesty in advertising was postponed pending the outcome of the Edwards bill, which is now before congress. It was the opinion that after a federal law had been passed which covered advertising in general that there was no need for a state law, as no newspaper was likely to accept such advertisements as might hinder the publication from being sent through the mails.

The matter of the Ad club's sanction of advertisements in the forthcoming au tomobile directory was referred to the vigilance committee. President C. B. Harman stated that such restrictions as the club maintained in matters of this kind was against transcient promoters and was not meant for a handicap to any legitimate local enterprise which could show that satisfactory results were probable.

a big department store. However, in the discussion which followed it was brought out that the management of a department store also found personality very valuable in his business.

It was announced that committee work on the proposed state law pertaining to honesty in advertising was postponed pending the outcome of the Edwards bill, which is now before congress. It was the opinion that after a federal law had been passed which covered advertising in general that there was no need for a informal dancing party at the Progress club to honor the Valday evening.

FEATS OF GERMAN COMMERCE RAIDER NOT ALL TOLD, SAYS BERG; HAS NO FEAR THAT BRITISH WILL CAPTURE MYSTERIOUS MOEWE

Captain Hans Berg; only baby on Appam when Germans captured it; Appam at anchor at Hampton Roads; captains of British vessels sunk by German commerce raider.

Lieut. Hans Berg, who with a crew of twenty-two Germans, brought the captured British liner Appam to fiampton Roads after a voyage of over 3,000 miles from the Canary Islands, declares that the German commerce raider Moewe, which is still at large, has probably sunk many more British vessels since a part of its crew brought the Appam to the United States. He says he has no fear the British will recognize the Moewe, as it flies the British flag

# Well Known Remedy Relieves Chronic Case

IMPORTANT TO DISPOSE OF WASTE FROM THE STOMACH WITH REGULARITY.

People frequently attribute to failure of the digestive organs conditions that are primarily due to inactive bowels, and apply remedies that from their very nature are more apt to aggravate than to relieve the disorder.

When the bowels act regularly the stomach is in better shape to perform its allotted tasks and can usually be depended upon. To keep the bowels in condition there is no more effective remedy than the combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin, which is sold in drug stores for 50c a bottle.

Dr. Caldwell has prescribed this remedy in his practice for over a quarter of a century and it is today the standard household remedy in thousands of homes. Thomas DeLoach, with the department of the interior, office of Indian affairs, at Washington, wrote Dr. Caldwell recently that "Dr. Caldwell's Syrup Pepsin is the

scopic germs that destroy the tiny scalp organs that produce the hair. To destroy the germs and dandruff use a lotion made by mixing 6 ounces of Bay Rum, 2 ounces of Lavona de Composee, and ½ drachm of Menthol Crystals. You can get these ingredients from any druggist and mix them yourself or your druggist will mix them for you. Apply night and morning and rub in with the finger tips. This lotion is widely used to invigorate the scalp, stimulate the growth of hair, keep the scalp and hair in a healthy condition so as to ward off premature grayness, and as a dressing to beautify the hair. It is delightful to use and harmless.

Home Baking Reduces
Cost of Living

THE U.S. Dept. of Agriculture in Experiment Station Bulletin No. 142 says that ten cents worth of wheat supplies almost three times as much protein and ten times as much energy as round steak, and with some other cuts of meat the difference is even greater.

If then, one really desires to reduce her weekly meat and grocery bills, she need only make more use of her oven.

Who ever heard man, woman or child complain that good home-made biscuits, muffins, cake and cookies appeared on the table too often? Instead the tendency is "to make a meal of them" and the variety is so great that something you bake yourself could well be the chief feature of every meal.

# Home Baking is Simplified by the Use of K C Baking Powder

With K C, you can make things moist and rich yet have them light and feathery, wholesome and digestible. Biscuits may be mixed the night before and baked fresh for breakfast. Muffins need not be dry and heavy. You can make a cake so light that you can hardly get it out of the pan whole, yet it will not fall.

K C is not like the old fashioned baking powderc. It is double acting and continues to give off leavening gas until the dough is cooked through. K C is sold at a fair price—a large can for 25 tents. This would be no object if strength and purity were sacrificed, but every can is fully guaranteed under State and National Pure Food laws and to please. We take all the chances. Your money back if you do not get better results with K C than any baking powder you ever used.

Include a can in your next grocery order, try some of the new recipes that appear in this paper from time to time. Then you will have gone far toward solving this vexing "Cost of Living" problem.

The largest increase in fare from Waco

The largest increase in fare from Waco east is the one to Boston. The new tariff allows an increase of \$4.19 over the former rate, making the cost of the ticket \$47.55 instead of \$43.36.

The Philadelphia rate also is appreciably increased, the new tariff allowing an increase of \$2.48, making the rate \$41.48 instead of \$39. Other rates to principal cities allowed by the commission are: New York \$41.15, increased to \$43.73; Chicago \$25.80, now \$27.45; Baltimore \$36.60, now \$39.08; Kansas City, \$15.65, now \$16.60; St. Louis \$21.15, now \$22.00.

Home Baking Reduces
Cost of Living

THE U.S. Dept. of Agriculture in Experiment Station Bulletin No. 142 says that ten cents worth of wheat supplies almost three times as much protein and ten times as much energy as round steak, and with some other cuts of meat the difference is

If then, one really desires to reduce her weekly meat and grocery bills, she need only make more use of her oven.

Who ever heard man, woman or child complain that good home-made biscuits, muffins, cake and cookies appeared on the table too often? Instead the tendency is "to make a meal of them" and the variety is so great that something you bake yourself could well be the chief feature of every meal.

# Home Baking is Simplified by the Use of K C Baking Powder

With K C, you can make things moist and rich yet have them light and feathery, wholesome and digestible. Biscuits may be mixed the night before and baked fresh for breakfast. Muffins need not be dry and heavy. You can make a cake so light that you can hardly get it out of the pan whole, yet it will not fall.

K C is not like the old fashioned baking powders. It is double acting and continues to give off leavening gas until the dough is cooked through. K C is sold at a fair price—a large can for 25 cents. This would be no object if strength and purity were sacrificed, but every can is fully guaranteed under State and National Pure Food laws and to please. We take all the chances. Your money back if you do not get better results with K C than any baking powder you ever used.

Include a can in your next grocery order, try some of the new recipes that appear in this paper from time to time. Then you will have gone far toward solving this vexing "Cost of Living" problem.

# GENERAL ADVANCE IN RAILROAD RATES EFFECTIVE FEB. 15

rates to eastern points allowed by the interstate commerce commission recently will become effective Feb. 15. The new rates to go into effect at that time will increase the fares to all eastern points from Texas, but the fares to Texas and Oklahoma points will remain as they have been.

The largest increase in fare from Waco

The largest increase in fare from Waco east is the one to Boston. The new tariff allows an increase of \$4.19 over the former rate, making the cost of the ticket \$47.55 instead of \$43.36.

The Philadelphia rate also is appreciably increased, the new tariff allowing an increase of \$2.48, making the rate \$41.48 instead of \$39. Other rates to principal cities allowed by the commission are: New York \$41.15, increased to \$43.73; Chicago \$25.80, now \$27.45; Baltimore \$36.60, now \$39.08; Kansas City, \$15.65, now \$16.60; St. Louis \$21.15, now \$22.00.

### Charter Committee Will Meet Tonight

The regular weekly meeting of the charter revision committee will be held at 7:30 o'clock tonight in the Chamber of Commerce rooms in the Amicable building, at which time definite action probably will be taken on the amendment to the present city charter which would require six city commissioners who would as the retailer does to the customer. He pointed out the vital point which meant success or failure to the retailers, showing that it was whether or not the credit list was properly recorded. Another one of his remarks was that failure often was due to overstocking and buying beyond ability to pay.

Asher Sanger spoke on "Retail Merchants as Public Servants," in which he brought out that the key note to business success was intelligent and honest service, and that 95 per cent of failures could trace their losses to being deficient in this respect.

# NOTICE TO THE PUBLIC Bring Your CREDIT CHECKS to Goggan's The Old Reliable Piano House of Waco

It has been the custom of several piano stores in the state to issue so-called credit checks or certificates, entitling the holder to certain credits on the purchase of pianos or player-pianos at certain prices which these stores see fit to fix on such pianos or players.

We Invite the Holders of Such Checks or Certificates to Bring Same to Us for Appraisement and Redemption

Our stock consists of only the best and most reliable pianos and players and our prices are the lowest in the state, quality for quality. The prices are not juggled here and each piano bears a price tag that does not vary from the former prices which have been advertised for years.

We have never issued credit checks or certificates of credit. We will appraise the value and redeem any credit check issued by any agent or concern in the state.

Clarksburg, W. Va .- "I am writing to tell you the good your medicine has always done me and

I hope my letter may be the means of helping some other suffering woman. When I was 16 years old I caught cold and had suppression for two months. I got so weak I could scarcely drag myself up the stairs. I went

to two doctors, then my mother got a bottle of Lydia E. Pinkham's Vegetable Compound and I took it. I never had any more trouble and got strong fast. Then I took it again before my little girl was born and it helped me a good deal and I give the Compound the credit for it. Then this spring I felt very badly again, but I took the Compound and have been well all summer. I cannot be grateful enough for your medicine." - Mrs. HAROLD M. By the Associated Press.

Chicago, Feb. 10.—Renewal of export buying helped to rally the wheat market today, after a sharp break that was due to an unusual whirl of speculative stop loss orders to seil. The close was nervous at the same as yesterday's finish to ½c down, with May at \$1.27%, and July at \$1.20½. Corn gained 1@1¼c net, oats ¼@%c to %c and provisions 5@ 22½c.

New York.

By the Associated Press

New York, Feb. 10.—While fluctuations were irregular, the cotton market showed rather a steadier tone today in sympathy with higher Liverpool cables and more bullish spot advices from the eastern belt. After selling at 12.25 early, May eased off to 12.15, but rallied in the late trading and closed at 12.24, with the general list closing very steady at a net advance of 5 to 9 points.

The market opened at an advance of 5 to 9 points.

The market opened at an advance of 5 to 9 points in response to the firmness abroad, with March contracts selling at 12.43 on or immediately following the call. One of the private cables attributed the strength of Liverpool to spinners calling and light offerings, but another said it reflected a scare over the freight situation, which might possibly havarisen from denials that the German ocean raider had been captured as rumored yesterday.

Rather an easier tone in New Orleans encouraged the decline, which carried March contracts off to 12.96, July to 12.31 and October to 12.35 during the middle of the day, or about net unchanged to 4 points lower. Offerings were not heavy, however, and the market steadled on reports that yesterday's larger business in the eastern belt spot markets had been followed by higher prices today.

New crop deliveries made new high ground for the day just before the last and final prices were within a point or two of the best.

New Orteans.

day the market stood 8 to 9 points up and the close was 7 to 9 up.

Better cables than due stimulated the early buying, while talk of large acreage in South Texas was the foundation for the offerings which appeared around the middle of the session.

# Application for Injunction in Sunday Movies Case Refused by Judge Richey

The "Sunday movie" election will be held on Feb. 15 as scheduled, Special Judge Harvey M. Judge Richey held that the district court has not the power to invade one of the legislative branches of the government and stop its procedure, and that granting the injunction would and it is very evident from the decisions

that the district court has not the power to invade one of the legislative branches of the government and stop its procedure, and that granting the injunction would be doing so.

Beginning at 10 o'clock yesterday morning arguments of counsel took up the remainder of the morning and until late in the afternoon. John W. Davis, F. M. Maxwell, Tom M. Hamilton, W. H. Jenkins and George Barcus appeared for those demanding the injunction, City Attorney John Maxwell for the city and W. W. Naman as his co-counsel for the defendants.

Judge Richey's opinion, delivered orally, was as follows:

In the opinion of the court the argument on both phases of this case has been presented in an exceedingly able manner. In the further opinion of this court it appears that there is but one jasue involved in this proceeding and that is the issue of law, and as far as the court is cncerned that, and nothing else, will be considered.

There is but one phase of the issue of law which I think is involved in this application and that is whether the district court, acting in the capacity of a judicial branch of this government, has the power to invade one of the legis-

Mr. Price belongs to the generation of younger men who have pushed Waco to the front. He is keenly alive to the needs of the city and will ever be on the job, if elected. It is his purpose to so watch the affairs of the street department that every section of the city will receive its proper attention and that when his first term is over the people will have felt that theirs was the proper choice in the selection of Mr. Price for street commissioner. Mr. Price has been thoroughly trained in the school of long experience, is systematic, watchful and conservative, possessing that degree of progressiveness, however, that has placed him among the live wires of Waco who have learned to get the most out of little, and with this experience, coupled with his well known activity the talk everywhere is Beecher Price for street commissioner.

# Application for Injunction in Sunday Movies Case Refused by Judge Richey

The "Sunday movie" election will be held on Feb. 15 as scheduled. Special Judge Harvey M. Richey in the Nineteenth district court yesterday sustaining the defendant's demurrer to the application for an injunction. Judge Richey held that the district court has not the power to invade one of the legislative branches of the government and stop its procedure, and that granting the injunction would be doing so.

Beginning at 10 o'clock yesterday morning arguments of counsel took up the remainder of the morning and until late in the afternoon. John W. Davis, F. M. Maxwell, Tom M. Hamilton, W. H. Jenkins and George Barcus appeared for those demanding the injunction, City Attorney John Maxwell for the city and W. W. Naman as his co-counsel for the defendants.

Judge Richey's opinion, delivered orally,

W. Naman as his co-counsel for the defendants.

Judge Richey's opinion, delivered orally, was as follows:

In the opinion of the court the argument on both phases of this case has been presented in an exceedingly able manner. In the further opinion of this court it appears that there is but one issue involved in this proceeding and that is the issue of law, and as far as the court is encerned that, and nothing else, will be considered.

There is but one phase of the issue of law which I think is involved in this application and that is whether the district court, acting in the capacity of a judicial branch of this government, has the power to invade one of the legis-

But lately, since we've been telling smokers how SEN-SIBLE they are, Fatima sales have been jumping every day.

Nearly everybody seems to be trying them. Everybody wants a "sensible" cigarette —one that is COOL to the throat and tongue and free from after-effects. Fatima isn't the only sensible cigarette-but no other

sensible one seems to please so many men's tastes. More Fatimas are sold than any other cigarette costing over 5c. Today's the day you should try them.
